SHOW OVERVIEW

ShesPro and IDEA (inclusive Divyangjan Entrepreneur Association) organized the first-ever global events for the promotion of assistive technology, the Global Assistive Technology Expo and Conference (GATEC), held on March 23rd to 25th, at the India Expo Mart in Greater Noida. GATEC 2023 a dedicated platform for the promotion of assistive technology for people with disabilities (Divyangjan).

The event was kicked off on Thursday with the inaugural speech of Shri Subhash Phal Desai Cabinet Minister, Minister for Social Justice and Empowerment, GOA. The Inaugural event was also addressed by other dignitaries, including the Secretary, Department of Empowerment of Persons with Disabilities, Ministry of Social Justice & Empowerment Shri Rajesh Aggarwal, (IAS) and Former Minister of State Government of India, Secretary to the Ministry of Health (Govt. of NCT) Shri O.P Mishra, Dr. Mallika Nadda, Chairperson Special Olympics Bharat, Dr.Ravinder Singh Co-chairman GATEC, Shri V P Mahavar (President ShesPro).

GATEC was conducted with the help of ICMR (Indian Council of Medical Research), Ministry of External Affairs, Ministry of Social Justice, and Ministry of Micro, Small and Medium Enterprises. The gala event was organised by ShesPro and managed by iCONEX Exhibitions Pvt Ltd. The theme of the inaugural year Expo was Building Healthy. Safe, Sustainable and Inclusive Environment.

“Anything used to augment, maintain, or improve a person with a disability’s functional capacity is considered assistive technology (AT). These cover a very broad range of tools and technologies such as prostheses, braces, walker’s unique switches, specialised computers, screen readers, and specialised educational software. It is implied by the term “universal assistive technology coverage” that everyone, everywhere can access the AT they require without facing any obstacles. This event will definitely help all of us” said Rajeev Bansal, Director, iCONEX Exhibitions Pvt Ltd.

EXHIBITION OVERVIEW

GATEC 2023 was a resounding success, attracting participants and exhibitors from around the world. The event served as a comprehensive platform for showcasing the latest advancements in assistive technology, catering to the needs of individuals with disabilities. The exhibition hall was abuzz with innovative products and solutions designed to enhance accessibility, mobility, and independence. With informative keynote speeches, engaging panel discussions, and interactive demonstrations, the conference fostered collaboration and knowledge-sharing among industry professionals, researchers, and end-users. The event not only highlighted the transformative power of assistive technology but also promoted inclusivity and equal opportunities for individuals with disabilities, making it a truly remarkable and impactful gathering for all attendees.

Global Technology Expo & Conference for promoting assistive technology for PwDs organised at the India Expo Mart

Tel: 011-26100000

Global Technology Expo & Conference (GATEC), March 24 (PUNE) - The inclusive Dnyanesh Entrepreneur Association (DEEA) has organised the first-ever Global event for the promotion of assistive technology, the Global Assistive Technology Expo and Conference (GATEC), from March 23rd to 25th, at the India Expo Mart in Greater Noida.

GATEC 2023 is a dedicated platform for the promotion of assistive technology for people with disabilities (Dnyanesh). The event was kicked off on Thursday with the inaugural speech of Sri Somnath Prasad Desai, Cabinet Minister, Minister of Social Justice and Empowerment, GOA. The inaugural event was also addressed by other dignitaries, including the Secretary, Department of Employment of Persons with Disabilities, Ministry of Social Justice & Empowerment, Sri Rajesh Aggarwal, IAS and former Minister of State, Government of India, Member of Parliament, Union, Shri Karan Jaiswal.

GATEC is being conducted with the help of IASRI (Indian Council of Social Research), Ministry of External Affairs, Ministry of Social Justice and Ministry of Information and Public Relations. The gate event is being organised by ThePride and managed by IASRI (Indian Council of Social Research).

Speaking at the inauguration, Union Minister, Cabinet Minister, Minister of Social Justice and Empowerment, GOA said, as we are working towards the Dnyanesh empowerment, we realised people live in India in January 23, GATEC is a step forward to work for the accessibility conference and self-reliance of the specially-abled. We are extremely happy that DEEA and ThePride has an auspicious occasion at the assistive technology for persons with disability, especially those facing financial hardships, so they can lead a life of dignity and become productive and sustained members of society. I would like to request all the community stakeholders to bring about a positive transformation in the lives of such individuals".

The theme of the inaugural year Expo is Building Healthy, Safe, Sustainable and Inclusive Environment, focusing on the occasion, Maharashtra's 75th Founder & CEO, Inclusive Dnyanesh Entrepreneur Association (DEEA) and, "Taking the cue from our motto Prime Minister's vision can be to build inclusive India, the ability Expo aims at motivating the Dnyanesh (Persons with Disabilities) to reinforce belief in their abilities, "to fulfil, Dnyanesh gives us in their dreams and personal aspirations due to their disabilities, and through this Expo, DEEA is making an effort to demonstrate the term "able to include" through the right training and sensitisation."

In GATEC event we are showcasing path-breaking innovative products in the inclusive space to inspire all the stakeholders to build inclusive India".

The three-day GATEC conference will be attended by more than 3000 global attendees from 15+ countries, 250 companies, more than 100 exhibitors and eminent speakers.

The three-day GATEC Conference will be attended by more than 3000 global attendees from 15+ countries, 250 companies, more than 100 exhibitors and eminent speakers.

The inaugural event was managed by a significant section, including the Current Status of Products with Assistive Technology for PwDs, assistive technology for functional impairment and learning, Assistive Technology in field of a Humanitarian Crisis, Healthcare and Digital Health, and Assistive Care.

"Helping with alignment, maintain or improve a person with a disability's functional capacities is considered assistive technology (AT). These cover a very broad range of tools and technologies, such as prosthetics, braces, wheelchairs, voice devices, specialised computers, screen readers, and specialised software and hardware. It is inspired by the term "universal assistive technology (UAT)" that everyone, everywhere can access the AT they require without facing any obstacles. This event will definitely help all of us," said Rajesh Bansal, Director, IASRI (Indian Council of Social Research).

The first day's events concluded with a special address by Shantanu Nayak, Vice Chairman, NIKRO, Hyderabad. The second day's event is for the Council to enhance the members for Disability living with the theme Diversity, Inclusion and Empowerment for organisations innovation and success. The concluding session headed by Sri Nandini Sharma, Managing Vice-President of Board of Social Justice is on the third day along with Awards.
